DATE OF MEETING:    May 20, 2021 (deferred from April 15, 2021 Council meeting)

SUBJECT:    University Plan 2025 Update

PURPOSE:
Dr. Airini, Provost and Vice President Academic, will provide University Council with a presentation focusing on the university’s progress towards the aspirations listed in the University Plan 2025.

DISCUSSION SUMMARY:
On April 7, 2021, the Planning and Priorities Committee (PPC) was provided with an update on the plans and activities underway to develop a process for measuring progress on the University Plan. This work will continue in 2021 and will include further conversations with PPC as the appropriate processes, approaches, indicators, and timelines for reporting on, and measuring aspects of the plan are confirmed. This is essential work that will provide opportunities to highlight the many accomplishments and successes occurring at USask and will support the identification of and advancement on areas of potential growth.

The work on developing this process is ongoing. In the meantime, Council will be provided a presentation for information on progress on the University Plan 2025. The presentation at this Council meeting is intended to share stories and acknowledge some of the outcomes and achievements pertaining to the five aspirations in the University Plan (Transformative Decolonization Leading to Reconciliation, Productive Collaboration, Meaningful Impact, Distinguished Learners, and Global Recognition), as well as outline some of the implementation work ahead.

FURTHER ACTION REQUIRED:
Future updates will be provided to Council on progress toward the University Plan.
