UNIVERSITY COUNCIL

ACADEMIC PROGRAMS COMMITTEE REPORT FOR INFORMATION

PRESENTED BY: Roy Dobson, chair

DATE OF MEETING: March 19, 2015

SUBJECT: Item for information: 2015-16 Admissions Template

Update Report

COUNCIL ACTION: For Information Only

SUMMARY:

The 2015-16 Admissions Template Update Report was received by the committee at its February 18 meeting and is forwarded to Council for information.

In May, 2012, University Council approved the University's Admission Policy. This policy defines admission qualifications and selection criteria, and describes the implementation of approval procedures required in the *University of Saskatchewan Act*, 1995.

Admission qualifications: These are the credentials that an applicant must present in order to establish eligibility for admission. They include but are not restricted to objective qualifications such as high school subjects, secondary or post-secondary standing, minimum averages, English proficiency, and minimum scores on standardized tests. Qualifications may vary for some admission categories.

Selection criteria: These are the means by which a college assesses and ranks its applicants for admission. They include but are not restricted to admission test scores, cut-off averages, interview scores, departmental recommendations, auditions, portfolios, letters of reference, admission essays, definitions of essential abilities for professional practice, and the relative weighting to be given to the various requirements. Selection criteria may vary for some admission categories.

Admission category: A way to differentiate and compare applicants with similar qualifications (i.e. Regular Admission, Special Admission).

Admission requirements: These consist of all admission qualifications, selection criteria and administrative processes (such as completion of application form, payment of application fee, adhering to application deadlines) that an applicant must present or complete to be considered.

Changes to admissions qualifications require approval by Council and confirmation by Senate while changes to selection criteria are given final approval by the college concerned, with an annual report to Council and Senate.

To facilitate the creation of a central repository of admission qualifications and selection criteria, the Admissions & Transfer Credit Office has developed an Admissions Template.

The first set of admissions templates were provided to Council in February, 2013. Changes to templates are reported annually to Council.

2015-16 Admission Template Update Summary and Admissions Templates

2015-2016 Admissions Template Update

Under the University of Saskatchewan Admissions policy dated May, 2012, admission to the University of Saskatchewan is based on documented qualifications as established by University Council and confirmed by Senate. These qualifications may be defined in areas of objective qualifications such as high school subjects, secondary or post-secondary standing, minimum averages, English proficiency, and minimum scores on standardized tests.

The Council and Senate have delegated top each college faculty council the authority to establish such other reasonable selection criteria as each faculty council may consider appropriate to its program of study. Selection criteria are a means by which the college can assess or rank its qualified applicants. Admission decisions for entry into the College of Graduate Studies and research may also take into consideration the availability of suitable faculty supervisors, funding, and other factors.

It is the responsibility of each college faculty council that has been delegated authority over admission decisions to ensure that the admission qualifications and selection criteria for admission, relative weighting, application procedures, deadline for applications, and the process for evaluation of applicants are published and readily available to the general public and reported annually to Council and to Senate.

Admissions Template

The Admissions Template is now used by the Admissions Office as a mechanism for reporting to Academic Programs Committee and to Council on the changes colleges are making to qualifications and criteria for admissions.

In February 2013, the Academic Programs Committee provided Council with the first set of college admission templates for university programs. This set of templates act as a baseline for colleges in terms of qualifications, criteria, categories and requirements being used for admission of students to university programs.

Following is a brief summary of the changes to the 2015-2016 Admissions Templates which have been incorporated into the 2015-2016 templates (attached)

- Prerequisite Requirement or MCAT Requirement. One of two options must be met.
 - EITHER All prerequisites must be taken at the University of Saskatchewan or University of Regina
 within the last 5 years (since September 2009 and completed prior to April 30th 2015 for
 application to enter fall 2015) and meet a minimum overall prerequisite average of 78% with no
 individual prerequisite grade below 60%.
 - Biology 120 and either Biology 121 or Biology 224/Biomedical Science 224
 - Chemistry 112 and 250
 - Physics 115 and 117
 - English 110 or any two of 111, 112, 113, 114
 - 6 credit units of Social Science/Humanities
 - Biomedical Science 200 and 230
 - OR an MCAT accumulated score of 26 in the Biological Science, Physical Science, and Verbal Reasoning sections (with no section below 8). <u>Note:</u> An MCAT is required from any student who completed their prerequisite courses outside of University of Saskatchewan or University of Regina. Scores must be obtained in one sitting prior to the application deadline and current within the last 5 years (earliest accepted scores for 2015 entry are 2010). The maximum number of times an applicant may take the MCAT is 5 times (additional sittings will not be accepted unless preapproved in writing by the Admissions Office, College of Medicine).
- Degree Requirement. Four-year Baccalaureate degree awarded prior to entry into Medicine
 - A 4-year Bachelor's degree is considered to be 120 CU.
 - The degree must be completed in ≤ 40 months of university enrollment time.
 - If the 4-year degree requires more than 120 CU, the maximum of 40 months enrollment time will increase on a prorated basis.
 - o Individuals in a non-direct entry college can apply if prior to application ≥90 CU have been completed in ≤ 32 months of university enrollment and the initial coursework started no more than 6 years earlier. At least 120 CU must be completed by the end of June prior to entry to medicine.

OUT-OF-PROVINCE RESIDENTS

Academic performance for out-of-province residents will be based on the MCAT Verbal Reasoning + Physical Sciences + Biological Sciences total score along with a required minimum GPA of 83% over all course work that is completed prior to application. Courses completed after the date of application must minimally average 83%, as well. Graduate program grades will not be considered.

- MCAT Requirement. All out-of-province applicants must complete the Medical College Admission Test (MCAT) prior to application. Scores on the Verbal Reasoning, Physical Sciences and Biological Sciences sections must total a minimum of 30 (no score less than 8 on any section). - Degree Requirement. Application by out-of-province applicants can be made only during or after the final year of a four year degree. If a four year degree is completed prior to application, course-work for the degree must have been completed within a 60 month period. If applicants are in the final year of a four year degree, a minimum of 90 credit units must have been completed in the 48 months prior to the end of August immediately before application. All courses completed at the date of application will be used for calculation of the grade-point-average (GPA). The minimum GPA required for application will be 83.0%. The four year degree must be completed by the time study of medicine starts. All remaining courses completed after the date of application must minimally average 83.0%

Selection Criteria:

- Saskatchewan: 20
- Manitoba: 15
- Northern territories (Yukon, Nunavut and Northwest Territories): 1
- Education Equity Program: 2

1) Saskatchewan, Alberta, British Columbia and Manitoba Residents

For an applicant residing with his or her parents, the residence of the parents shall determine the residence of the applicant.

For an applicant not residing with his or her parents, residence is established by the applicant's residing in the province in question for at least one year (12 consecutive months) without attending post-secondary education prior to the WCVM's December 1 application deadline.

2) Yukon, Nunavut, and Northwest Territories Residents

Because Yukon, Nunavut, and Northwest Territories are not formal signatories of the interprovincial funding contract, they apply their own rules for applicants claiming to be residents of these areas.
