

TO: Colleges and Departments

FROM: Russell Isinger, University Registrar, Student and Enrolment Services Division (SESD)

SUBJECT: *Key Dates and Deadlines for 2015-16*

DATE: August 14, 2015

In order to assist departments and colleges with their planning cycles for 2015-16 and 2016-17, we are taking this opportunity at the start of this academic year to remind you of key dates and deadlines related to the following: class build and registration; Course and Program Catalogue publication; Academic Calendar publication; the approval process for new and revised courses, programs, and admission information; and Disability Services for Students (DSS) deadlines. Much of this information was previously distributed in a memo dated June 1, 2015.

Changes to the Academic Courses Policy on Class Delivery, Examinations, and Assessment of Student Learning.

The Academic Courses Policy prescribes university-level requirements for delivery of academic courses, and the assessment of student learning including conduct of examinations.

The Policy is periodically revised based on input from instructors, students, and staff, and to reflect changing best practices. University Council approved changes to the Policy at its June 18, 2015 meeting. The major changes relate to online courses, alternative accommodation, class syllabus, scheduling mid-term examinations outside of regular class time, invigilation of final examinations, alternative accommodation of students, and procedures for grade disputes between instructors and department heads/deans in non-departmentalized colleges.

Instructors and staff are encouraged to familiarize themselves with the Policy prior to the start of the academic year. The Policy can be found at <http://policies.usask.ca/policies/academic-affairs/academic-courses.php>.

Changes to Academic Program Approval Process

Please note that there are new processes related to the approval of tuition and student fees by the Provost's Committee on Integrated Planning (PCIP) and the Board of Governors which affect the deadlines for new and revised program approval and which make the timely submission of new and revised program proposals even more important than in past years if the intent is to offer the program in 2016-17. We have provided a chart below (Table 3) to

illustrate the key deadlines now associated with APC and University Council proposals. More detailed explanation has been highlighted in bold within the body of this document.

October 1, 2015 – admission opens for direct-entry programs for 2016-17.

October 1, 2015 – Notice of Intent submissions for new programs to be included in the 2016-17 Course and Program Catalogue should be submitted to the Planning and Priorities Committee (PPC) by this date. This will allow time for colleges to incorporate PPC's feedback into their proposals prior to the November 2 deadline for receipt by the Academic Programs Committee (APC) of draft proposals for new and revised programs. **Earlier submission is encouraged as PPC cannot guarantee it will be able to review all Notices of Intent by November 2.**

October 5, 2015 – deadline for professional colleges to submit Academic Calendar dates to Registrarial Services for the 2016-17 academic year (e.g., start and end date of classes, final examination dates, clinical rotations, mid-term breaks, etc.).

October 9, 2015 – Term One Break Day - No classes will be held on this day for students in the College of Nursing.

October 23, 2015 – registration closes for those student groups who had registration access for the 2015 Spring (201505) and Summer (201507) terms.

October 31, 2015 – all new 2016-17 academic program tuition rates and/or student fees (e.g., materials, excursion, application, and student association fees) must be submitted to SESD and Institutional Planning and Assessment (IPA) by this date. This will allow IPA to evaluate proposals in time for the annual tuition rate submission to the Board of Governors, which is due to PCIP on November 23, 2015.

November 2, 2015 – departments and colleges can begin class build for Spring and Summer (201605 and 201607) terms.

November 2, 2015 – proposals for new and revised programs to be included in the 2016-17 Course and Program Catalogue requiring University Council approval should be submitted to the APC by this date. APC will endeavor to review and make recommendations on new programs and curricular change proposals with tuition and/or student fee adjustments to the December meeting of University Council and on major curricular change proposals with no tuition and/or student fee adjustments to the January meeting of University Council. Meeting these deadlines will ensure approval in time for inclusion in the 2016-17 Course and Program Catalogue. **Earlier submission is encouraged as APC will try to meet the December and January Council deadlines, but cannot guarantee approval for the next calendar year (see Table 3 below).**

November 9-14, 2015 – Fall Mid-Term Break - No classes for all colleges except Dentistry, Medicine, Nursing, fourth-year Nutrition, Physical Therapy, Veterinary Medicine, and the University Language Centre.

November 13, 2015 – deadline for colleges to submit approved department, college, and program name changes to Registrarial Services for inclusion in the 2016-17 Course and Program Catalogue.

November 15, 2015 – Withdrawal Deadline for Fall Term (201509) classes (formerly the Academic Penalty Deadline). Students cannot withdraw from classes after this deadline.

November 19, 2015 – deadline for students registered with DSS to request accommodations for December final examinations. Requests for accommodations are made in PAWS under the DSS tab. Instructors must deliver examinations to the DSS office five business days before the examination is to be written.

November 23, 2015 – **deadline for new tuition rate and student fee proposals for 2016-17 to be submitted to PCIP for approval in advance of consideration by the Board. These proposals must have had prior consideration by SESD, IPA and the College of Graduate Studies and Research (CGSR) before submission to PCIP and the Board.**

December 1, 2015 – deadline to submit course and program changes that require college approval to Registrarial Services for inclusion in the 2016-17 Course and Program Catalogue.

December 15-16, 2015 – **annual tuition rates, including all non-standard tuition amounts, are set by the Board of Governors.**

December 17, 2015 – all new program proposals and proposals for revised programs with tuition and/or student fee adjustments to be included in the 2016-17 Catalogue must be approved by this date by both the appropriate academic approval body and the Board of Governors. **Brand new programs receiving final academic approval between December 18, 2015 and February 25, 2016 can be submitted to the March Meeting of the Board of Governors. Pending approval by the Board of Governors at this March meeting, these new programs can be added to the Program Addendum of the 2016-17 Course and Program Catalogue and implemented in September 2016. (see Table 3 below).**

December 18, 2015 – department and colleges should have class build mostly completed for the 201605 and 201607 terms.

January 12, 2016 – deadline for colleges to submit course and program changes that require University Course Challenge approval for inclusion in the 2016-17 Course and Program Catalogue (see Table 2 below).

Mid-January, 2016 – IPA will communicate the Board-approved tuition rates and student fees for the 2016-17 academic year.

January 29, 2016 – deadline for approval of revisions to existing programs by the appropriate approval body (college, University Course Challenge, APC, or University Council) in order to be included in the 2016-17 Course and Program Catalogue and implemented for 2016-17, **unless these changes involve tuition and/or student fee adjustments. These changes require approval by December 17, 2015 (see Table 3 below).**

February 4, 2016 – cut-off deadline for the production of the 2016-17 Course and Program Catalogue. Galley proof corrections must be submitted to Registrarial Services by this date.

February 15, 2016 – Withdrawal Deadline for multi-term classes taught over Fall and Winter terms. Students cannot withdraw from multi-term classes after this deadline.

February 15-20, 2016 – Winter Mid-Term Break for all colleges except fourth-year Veterinary Medicine, fourth-year Nutrition, fourth-year Pharmacy, third and fourth-year Medicine, and the University Language Centre.

February 17, 2016 – registration begins for Spring and Summer terms (201605 and 201607).

February 19, 2016 – roll (i.e., copy-forward) of 2016-17 Fall, Winter, Spring and Summer classes (201609, 201701, 201705, and 201707) in the SiRIUS student information system.

Please Note: exact CRNs will not be rolled from 2015-16 to 2016-17 classes; each class will be assigned a new unique CRN to avoid running out of available CRNs for new classes.

Please note: changes to admission qualifications and enrolment quotas for implementation in 2017-18 will need to be submitted to APC by the end of February so that they can subsequently be approved by University Council and confirmed by Senate in April before the start of the 2017-18 admissions cycle in October.

March 1, 2016 – tentative release date for the 2016-17 Course and Program Catalogue and the 2016-17 Academic Calendar online. The archive of the 2015-16 Catalogue and Academic Calendar will be released simultaneously. The 2016-17 update of the Explore website (explore.usask.ca) will also be released by this date.

March 1, 2016 – departments and colleges can begin class build for the 2016-17 Fall, Winter, Spring and Summer terms (201609, 201701, 201705, and 201707). Registrarial Services does not make classes viewable to the students at this point.

March 1 - April 14, 2016 – departments and colleges complete their class build and run regular *Class Error Identification* reports (REG 054) in Publisher to fix and maintain their class

build as necessary. It is recommended that departments and colleges provide as much scheduling information as possible for the Fall and Winter classes to their class build staff well in advance of April 14 to allow time to complete the build. Please be aware that classes built after this date may not be included in the first round of room scheduling. However, we do understand that some classes may not be built by this deadline depending upon workload, hiring decisions, etc.

March 15, 2016 – Withdrawal Deadline for Winter Term (201601) classes. Students cannot withdraw from classes after this deadline.

March 19, 2016 – deadline for students registered with DSS to request accommodations for April final examinations. Requests for accommodations are made in PAWS under the DSS tab. Instructors must deliver examinations to the DSS office five business days before the examination is to be written.

March 15-16, 2016 – Board of Governors meets to set standard and non-standard tuition and/or student fee rates for new programs that were not included in the December Board Meeting, but received final academic approval between December 18, 2015 and February 25, 2016. Pending approval by the Board of Governors, these new programs can be added to the Program Addendum of the 2016-17 Course and Program Catalogue and implemented in September 2016 (see Table 3 below).

April 22, 2016 – Room Scheduling begins to assign classrooms. Class builders are reminded that their class builds need to be 100% complete and entered accurately into Banner in order for Room Scheduling's software to run properly.

April 29, 2016 – Fall (201609) and Winter (201701) classes are made available to students for viewing only (i.e., web-enabled by Registrarial Services).

May 31, 2016 – All course revisions for implementation in 2016-17 must be approved by the necessary body this date. This includes, but is not limited to, such items as: pre/co-requisite changes, adjusting equivalent relationships, title and content changes, the implementation of additional course fees, and changes to methods of evaluation. After students have started registration in June, changes to courses for 2016-17 Fall and Winter terms will not be implemented unless approved by the Registrar.

June, 2016 – registration windows open for 2016-17 (dates to be determined in early 2016, in consultation with the colleges).

* following is the schedule for 2015-16. Please note that there are several key dates which should be taken account of when submitting new or revised courses and that the course challenge period is two weeks:

**Table 2:
University Course Challenge**

College Submission Deadline	University Course Challenge Posting Date	Date of effective approval if no challenge received
August 12	August 14	August 31
September 10	September 14	September 30
October 14	October 16	October 30
November 12	November 16	December 1
December 11	December 16	January 8
January 12 - all program changes for the 2016-17 Course and Program Catalogue should be submitted by this date - last date for any prerequisite or other course changes for Spring and Summer terms (201605 and 201607)	January 15	January 29
February 11	February 16	March 2
March 14	March 16	March 31
April 13	April 15	May 2
May 11 - last date for any prerequisite or other course changes for 2016-17 Fall and Winter terms (201609 and 201701)	May 16	May 31
June 13 - after students have started registration in June, changes to courses for 2016-17 Fall and Winter terms (201609 and 201701) will not be implemented unless approved by the Registrar	June 15	June 30

For more detailed information on the authority for approval for course and program changes, please visit the University Secretary's website:

http://www.usask.ca/university_secretary/council/committees/academic_programs/APC-procedures/changes_chart.php

To summarize, program information for the 2016-17 academic year should be approved by the above deadlines and published in the Course and Program Catalogue and the

DegreeWorks degree audit system **before** both advising and registration occur, and this information should not change after advising has occurred and registration has opened. Students can only enjoy the full benefit of the advice they receive from advisors, the Course and Program Catalogue, or from DegreeWorks in particular, if program information is consistent and stable.

New programs may be submitted for approval between December 18, 2015 and February 25, 2016 for inclusion in the 2016-17 Program Addendum to the Course and Program Catalogue and for implementation in September 2016, but only with the approval of the APC, University Council, and the Board of Governors by March 15-16, 2016. To be eligible for September 2016 implementation, these must be new, stand-alone programs (specifically new degrees, majors, minors, and certificates), the inclusion of which will not require modification of existing program information.

However, departments and colleges are cautioned that such late approval, if forthcoming, can cause challenges for SESD and other administrative units regarding implementation in time for registration, and loses the benefits of early student advising and recruitment efforts. We will, however, endeavor to enter such new programs, if approved, into the 2016-17 Course and Program Catalogue and program them into DegreeWorks.

Revisions to existing programs approved after the deadlines stated above will only be entered into the 2017-18 Course and Program Catalogue and built in the 2017-18 DegreeWorks year. Departments and colleges are therefore encouraged to gain the advantages that early approval confers.

**Table 3:
Deadlines for New and Revised Programs that Require APC and/or University Council Approval**

	APC Submission Deadline	Final Approval Deadline(s) for 2016-17 Catalogue Publication	Final Approval Deadlines for 2016-17 Program Addendum	2017-18 Catalogue Publication (the following year's Catalogue)
Program Revisions with no tuition/student fee changes	November 2, 2015	January 29, 2016	Not allowed	Final approval after January 29, 2016 or later
Program Revisions with tuition/student fee changes	November 2, 2015	Final academic approval by December 17, 2015 and Board of Governors' approval by December 15-16, 2015	Not allowed	Final approval after December 16, 2015 or later

Brand New Programs	November 2, 2015	Final academic approval by December 17, 2015 and Board of Governors' approval by December 15-16, 2015	Final academic approval by February 25, 2016 and Board of Governors' approval by March 15-16, 2016	Final approval after February 25, 2016 or later
